

BEECH CLASS

Safer Internet Week

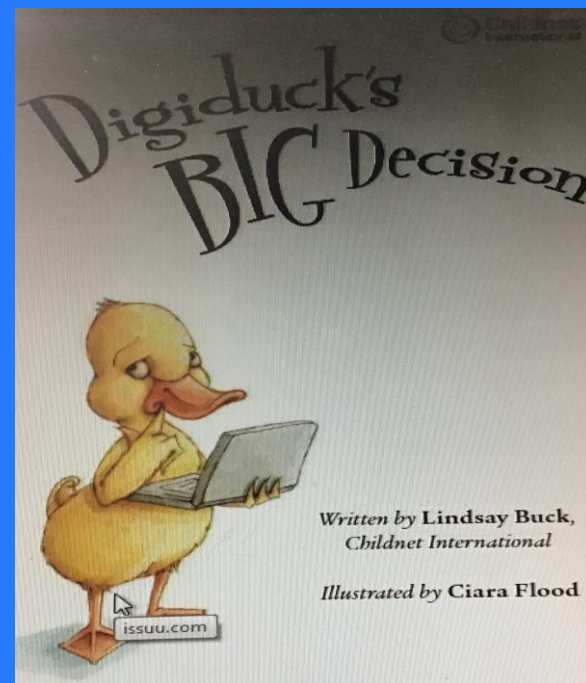

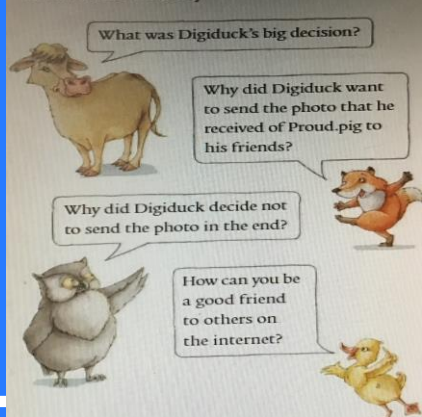

This week in Beech Class we discussed how we can be safe online and all of the things that make us unique! We made posters that showed our identity. We used symbols and images that represented us.

Digiducks big decision

We started off our internet safety lessons by reading 'Digiduck's big decision'. In the story we followed Digiduck as he used website to play games and talk to his friends. Wise Owl showed him what the consequences would be if he posted a photo online of his friend. The children talked about what they thought

Digiduck should do and all agreed he shouldn't send the photo.

Talk about the story

The story led to us talking about some of the things that we do online (mainly play games) and how important it is that we don't talk to anybody as we might not know their identity. The children agreed we have to show an adult if a message appears or we are unsure of anything.

We spoke about our identities and what makes us unique. We made identity posters.

Some websites you may find useful for safer internet at home:

www.nspcc.org.uk

www.internetmatters.org

www.actionforchildren.org.uk

They included our favourite foods, colours and hobbies.

"I like riding my bike"

"Pizza and strawberry ice cream are my favourite foods"
