

# Hazel Class Safer Internet Week

#Free to be...

To celebrate Safer Internet Week Hazel Class have been taking part in lots of different activities that follow the theme Free to be...

We started our week off by looking at our online identities and how we currently portray ourselves online and on social media. We did this by filling in an identify wheel!

Our group reading text this week also focused on the aspect of cyber bullying and what to do if you or someone you know was being cyberbullied

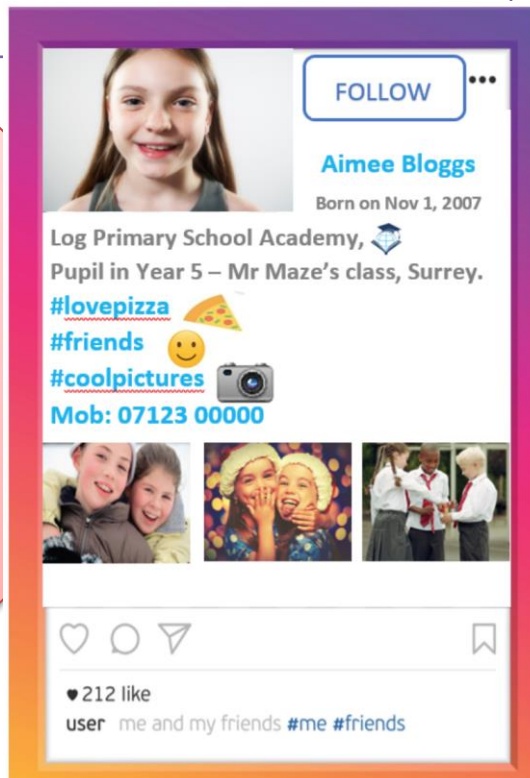

We also took part in a survey to find out what we currently use the internet for, here are our results...

Youtube Videos	Games	Talking to Friends
90% (27 chn)	83% (25chn)	70% (21 chn)

Finally, one of the last activities we did was to write an email of advice to another child on what information is appropriate to share online. We did this using an app on PurpleMash. This included not revealing personal data, like phone number and school.

**BE SMART ONLINE**

- S SAFE** Keep your personal information safe. When chatting or posting online don't give away things like your full name, password or home address. Remember personal information can be seen in images and videos you share too. Keep them safe to keep yourself safe.
- M MEET** Meeting up with someone you only know online, even a friend of a friend, can be dangerous as this person is still a stranger. If someone you only know online ever asks you to meet up, for personal information or for photos/videos of you then tell an adult straight away and report them together on [www.thinkuknow.co.uk](http://www.thinkuknow.co.uk)
- A ACCEPTING** Think carefully before you click on or open something online (e.g. links, adverts, friend requests, photos) as you never know where they may lead to or they may contain viruses. Do not accept something if you are unsure of who the person is or what they've sent you.
- R RELIABLE** You cannot trust everything you see online as some things can be out of date, inaccurate or not entirely true. To find reliable information compare at least three different websites, check in books and talk to someone about what you have found.
- T TELL** Tell a trusted adult if something or someone ever makes you feel upset, worried or confused. This could be if you or someone you know is being bullied online. There are lots of people who will be able to help you like your teachers, parents, carers or contact Childline - 0800 11 11 or [www.childline.org.uk](http://www.childline.org.uk)
- BE SMART WITH A HEART** Remember to always be smart with a heart by being kind and respectful to others online. Make the internet a better place by helping your friends if they are worried or upset by anything that happens online.
