

Safer Internet Week in Sycamore Class 2020

The theme for Safer Internet Day this year is 'Free to be me.'

The overwhelming message from Sycamore is the Internet is a wonderful place where we can communicate with others, have fun and learn ... but we must remember to be respectful towards others.

RESPECT
IS THE KEY

Being respectful online means:

- Talking kindly;
- Playing appropriately;
- Giving praise or thanks towards others;
- Disagreeing respectfully and politely;
- Watching age appropriate videos and films;
- Doing what the app is meant for;
- Knowing what to do if there is a problem.

If we have a problem, we know to:

- Not reply;
- Tell an adult;
- Report!

We discussed our online profiles.
We know user names don't include our personal information as they are often not private, even if our accounts are set to private.
Profile pictures can be pictures of favourite things or animals – it doesn't have to be a photograph!

Don't do or say anything online that you wouldn't do or say to someone's face.

Parents! More information is available at:
